ADVERTISEMENT.

DURING the Period the Compiler of this little Work has been employed on the British Staff, he has frequently heard Officers lament the Want of Information respecting the Pay, Allowances, and Contingencies, attached to their Situations; and having himself sustained considerable Losses, from the same Cause, on his first Appointment, he has been induced to publish the following Statements, with the View of assisting such Officers as have not had the Advantage of Experience: and to them they are with Confidence recommended.

It may, perhaps, appear unnecessary to have given a separate Statement for each Officer; but as the Pay and Allowances of each vary, in some Respects, and as general Instructions would have tended to per-

plex rather than explain, to Persons unaccustomed to Staff Accounts, this Plan has been adopted, as the most likely to answer the Wishes of the Individuals concerned.

The Compiler, on submitting the Second Edition of *The Aide-de-Camp* to his Military Friends, can only return them his Thanks, for the flattering Reception given to the First Edition, the Whole of which was sold within Three Months from the Time of Publication.

In the present Edition, several additional Articles, General Orders and Regulations, have been inserted, which, it is hoped, will be found useful not only to the Staff, but to Officers of every Description.

He has to acknowledge his very great Obligations to the several Officers who have favoured him with Communications relative to the Staff of Great Britain and Ireland. To *A General Officer*, he is particularly indebted for some interesting and valuable MSS. respecting the Staff of the French, Austrian, and Prussian Armies; and he has

v
to regret that, before he received them, the present Edition was too far advanced to alter its Arrangement.

It is the Intention of the Compiler to publish an Annual Edition of *The Aide-de-Camp* for the Purpose of introducing any Alterations that may be made in the Pay, Allowances, or Accounts; and also such General Orders and Instructions as may appear useful to Staff Officers, and not improper to be circulated. Communications are therefore solicited, addressed to the Care of the Publisher, No. 169, Piccadilly.

* * * The new Property Tax, of One Shilling per Pound, will be stopped by Government from all Staff, Garrison, or Regimental Pay and Allowances, subsequent to the 6th of April, 1803, before the same is issued to the Agent; Officers should not, therefore, pay the Tax on that Part of their Income to the Assessors or Collectors in the Country.

It appears, the Charges for Agency vary in some Cases ; the Deductions, formerly specified under that Head, are therefore omitted in the following Statements.

Messrs. Greenwood and Cox are Agents for the whole of the Head Quarters and District Staff of *His Royal Highness the Commander in Chief*, Adjutant General, Quarter-Master General, and Barrack Master General : all Applications, respecting the Pay, Allowances, and Contingencies, of those Departments, must therefore be made to them.

Mr. Window, of No. 30, Charing Cross, is Agent for Army Hospitals : all Sums, paid under the Directions of the Army Medical Board, are issued by him.

Mr. Ridge, No. 5, Spring Gardens, is Agent for issuing the Pay and Bounty of Men raised for General Service, and until they are attached to Regular Regiments.

JANUARY 1, 1805.

Additional Instructions necessary to be attended to, in Consequence of a NEW FORM having been adopted for STAFF CONTINGENT ACCOUNTS, and an Alteration made in the Mode of paying the GENERAL and STAFF OFFICERS attached to the VOLUNTEER FORCE, since the Publication of the SECOND EDITION of the AIDE-DE-CAMP, which is now completely corrected to the present Time, and will afford, to OFFICERS of EVERY DESCRIPTION, a Variety of useful Information not to be found in any other Work.*

THE new Form, (No. 1,) hereunto annexed, Page 110, is to be used for all Accounts up to the 24th of December, 1804, and continued until further Orders.

* See Remarks on this Subject, Page 107.

The Pay, Expenditures for Stationary, and Postage and Carriage of Letters, of the General and Staff Officers attached to the Volunteer Force, up to the 24th of September, 1804, inclusive, has, or will, on Application, be paid by Mr. Hassell, as pointed out in Page 68, &c. from that Period they are to receive the same Pay, Allowances, and Contingences, and in the same Manner as the Rest of the Military Staff. The Contingent Accounts of these Officers are to be made out up to the 24th of December, 1804, inclusive, in the like Form, and transmitted to their Agents the same as the Accounts of the General Staff; and in them they must include all Claims for Keep of Horses, Tax on Horses, House-Rent, and Traveling, from the Date of their respective Appointments, as no Expenses of that Nature will be paid by Mr. Hassell. Their Expenditures for Stationary and Postage and Carriage of Letters are only to be charged from the 25th of September, for the Reason above stated.

Such of the Volunteer Staff Officers as were employed during the whole of the Campaign, 1804, viz. from the 1st of May to the 16th of November, will receive the Allowance of Two Hundred Days Forage-Money, or a Proportion thereof for the Number of Days, within the said Period, they were actually serving, at the Rates specified in the Aide-de-Camp, Page 71, &c. on

Application to the Secretary at War, but no Charge on that Head will be admitted in their Contingent Accounts.

The Certificates at the End of the Aide-de-Camp, numbered 2, 3, and 4, and which were required to be transmitted as separate Vouchers for the Charges to which they apply, with the Contingent Accounts up to the 24th of June last, are now useless, and may therefore be cancelled, as they are, in future, to be inserted in the Body of the Account, and signed by each Officer, as stated in the Form annexed, (No. 1.)

The Allowance granted to the Military and Medical Staff, and also to Adjutants and Regimental Surgeons for the Keep of Horses, is fixed every 25th of June and 25th of December, according to the Price paid by the Commissary General to the Army Contractors, for Forage supplied by them to the Cavalry during the preceding Half Year; and, as the Rates frequently vary in the different Districts, Officers should not make up their Accounts * until they receive the necessary

* The Allowance for Adjutants and Regimental Surgeons may be charged Monthly, when paid, in the Pay-Lists of the respective Corps, (see Pages 51 and 79,) at the Rate of Two Shillings per Day each, until the End of the Half Year; and, should the Allowance then fixed exceed that Sum, the Excess is admitted as an additional Charge.

Information on that Subject from the General Officer commanding, who will communicate the same to the several Staff Officers and Officers commanding Regiments as early as possible after the above-mentioned Periods.

The Contingent Accounts of Assistants Adjutant General, Aides-de-Camp, and Majors of Brigade, are to be included in those of the General Officers, to whom they are respectively attached: those of Assistants Quarter Master General are to be transmitted to the Quarter Master General, by whom they will be presented to the War Office.

Majors of Brigade, not attached to any General Officer, are permitted to make up and to certify their own Accounts.

Charges for Travelling must consist only of the actual and *bonâ fide* Expenditure for Horses, Carriages, and Turnpikes, and every Claim must specify the Number of Miles, &c.

Receipts for Stationary are to be invariably accompanied by the Bills of Particulars.

To save Time, and to introduce Uniformity, printed Forms of Staff Contingent Accounts, with Blanks, for the Purpose of inserting the proper Charges and Certificates under their respective Heads, may be had of the Publisher, Price 6*d.* each.

*LIST of the Districts of Great Britain, with the Allowance granted to the Officers of the Military, Medical, and Volunteer, Staff; and also to Adjutants and Surgeons of Regiments of Infantry and Militia stationed in each District, for the Keep of their Horses, from the 25th of June to the 24th of December, 1804, both Days inclusive.**

WAR OFFICE, 11th August, 1803.

SIR,

I HAVE the Honour to acquaint you, that, in consequence of the Recommendation of His Royal Highness the Commander in Chief, the General and Staff Officers serving in the several Districts in Great Britain will be entitled to Forage for their effective Horses, not exceeding the Proportions specified in the annexed State, (A) from 25th June last inclusive; and that, where Forage shall not be issued in Kind, the respective Officers will be allowed to make a Charge for the same in their Contingent Accounts, according to the Rules prescribed in His Majesty's Regulation of the 29th May, 1801,* and at a Rate which will be fixed Half-yearly, upon the Report of the Commissary General, and will be notified in proper Time from this Office to the General Officers commanding in the Districts.

I am further to acquaint you, that, upon Consideration of the various and indeterminate Charges made by General and Staff Officers, under the Head of Rent of Houses, or Lodgings, it has been thought proper to establish a fixed Rate of Lodging Money for each Rank, agreeably to a Scale herewith enclosed, (B).

* See Page 43.

This Regulation is to be considered as commencing from the 25th December last, inclusive, and the Allowance may be charged in the Contingent Accounts accordingly from that Date, being supported by Certificates, upon Honour, signed by the respective Officers, declaring that, during the whole Period for which the Charge shall have been made, they had not been furnished with a House or Apartments under the Orders of Government, but had provided the same at their own Expense.

I think it right to explain, that, although the Medical Staff Officers are included in the Statements sent herewith, yet that their several Contingent Allowances will be issued as heretofore, through the Agent for Army Hospitals, upon the Recommendation of the proper Officer of the Army Medical Department: their Claims being however to be confirmed by the Signature of the General Officer under whom they serve.

I have the Honour to be,

&c. &c. &c.

SIR,

I HAVE the Honour to transmit herewith, for your Information and Guidance, certain Regulations which His Majesty has thought proper to establish, with the View of enabling Generals and General Staff Officers to draw out their respective Contingent Accounts, in a clear, regular, and uniform Mode, and to acquaint you, that no Charge whatever, incurred after the 24th of this Month, will be admitted in your Accounts, unless supported by specific Vouchers required by the said Regulations.

I have the Honour to be,

“ Should the Exigencies of the Service compel a General Officer to incur an Expense by his personal Authority, which cannot be classed under any of the Heads specified in the “ Form of a Contingent Account ” (No. 1.) it will be disallowed, unless sustained by a subsequent Authority

from the Secretary at War, Copy of which and of a Receipt, according to the prescribed Form, are to accompany the Contingent Account as Vouchers for the Charge.

" Given at the War Office, the 29th
Day of May, 1801.

" C. YORKE."

The preceding Statements specify all the Regular Allowances and Contingencies granted to the Home Staff, including the new Arrangements made in the Departments of the Quarter Master General and the Medical Staff since the Commencement of the present War, the following additional Particulars may, however, be useful to Officers concerned.

THE QUARTER MASTER GENERAL'S DEPARTMENT.

THE Permanent District Assistants in this Department, consisting of 5 Lieutenant Colonels and 5 Majors, have been removed from their Regimental Situations, and placed on the Staff with the Cavalry Pay of their respective Ranks, and an Allowance of 1s. 6d. per Day for a Servant, not being permitted to retain a Soldier for that purpose; these Assistants receive no other Pay than that of their Staff Appointments.

The Temporary District Assistants (of which there are now about 60) receive a Staff Pay of 10s. per Day, in Addition to their Regimental Pay, which they continue to receive as before; but they have no Allowance for a Servant.

The actual Expense for Postage of Letters upon Service, and 1s. 6d. per Day for the Hire of a Clerk, when it is necessary to employ one, is allowed as before stated, to the Permanent Assistants, and also to the Senior Temporary Assistant in each District.

The contingent Accounts of the District Assistants are not, in the first Instance, to be sent to the Agent, or included in those of the General Officers, as heretofore; but, after being properly certified, are to be forwarded to the Quarter Master General, Horse Guards, London, by the Senior Assistant of each District, as early as possible after every 25th of June and 25th of December.

The Permanent Assistants, and where there is no Permanent Assistant in a District, the first Temporary Assistant may have Four Horses; other Temporary Assistants Three Horses each.

Permanent Assistants, and the first Temporary Assistants, will be allowed Lodging Money, at the Rate of £81 18s. *per Annum*; other Temporary Assistants at the Rate of £54 12s. *per Annum* each.

Travelling Expenses will be allowed when ordered upon extraordinary Duty, requiring more Expedition than can be effected by the Officer's own Horses.

THE MEDICAL STAFF.

ALLOWANCES have been granted to Medical Staff Officers, for Lodging Money, and Travelling Expenses, at the following Rates, from the 25th December, 1802, *viz.*

	Lodging Money per Week.			Allowance for Travelling Expenses per Mile.	
	£	s.	d.	s.	d.
Inspector of Hospitals	1	1	0	1	6
Deputy Ditto					
Physician					
Purveyor					
Deputy Purveyor	0	15	0	1	2
Surgeon					
Apothecary					
Hospital Mate	0	10	6	0	9
Purveyor's Clerk	0	6	0	0	9

All Claims for Lodging Money are to be stated and certified by each Officer, as pointed out in the preceding Pages, and must also have the approving Signature of the General Officer commanding the District in which the Officer had been serving during the Period specified in the Account.

All Claims for Travelling Expenses must invariably state the Circumstances under which the Allowance is demanded, as it is not granted to Officers removing from one Station to another at their own Request, or when they are taken from Half Pay, or obtain a Step of Promotion; nor upon any other Occasion where the Service shall not be so pressing as to render it impracticable to perform the Duty with their own Horses.

The Allowance to the Medical Staff, for the Keep of Horses, commenced from 25th June, 1803.

THE following " Regulations for increasing the Advantages and improving the Situation of the Medical Officers of the Army," afford so much important Information to ALL Officers of the Medical Department, that they are here given entire.

Copy of a Circular Letter from the Secretary at War to Colonels of Regular Regiments of Infantry.

Similar Letters, with a little Variation, were also addressed to the Colonels of Regiments of Dragoon Guards, Dragoons, and Militia.

WAR OFFICE, May 28, 1804.

SIR,

I HAVE the Honour to transmit herewith, for your Information, a printed Copy of His Majesty's Warrant for increasing the Advantages and improving the Situation of the Medical Officers of the Army; bearing Date the 22d Instant.

Agreeably to the Directions of the said Warrant, the Pay of the Surgeon and Assistant Surgeons of your Regiment will, from the 25th of December last inclusive, be borne on the Establishment, at the Nett Daily Rates undermentioned, viz.

		Nett Daily Rate.	
		s.	d.
Surgeon.	Gross Daily Rate 12s. reduced by the usual Deductions to	11	4
Assistant Surgeon		7	6

but, as the Augmentation of the Pay of the Surgeon, *viz.* 1s. 11d. a Day, is granted to him for the express Purpose of enabling him to keep a Horse, for the better Performance of his Regimental Duty, of course, he will not be entitled to the above Difference, except upon a special Certificate from the Commanding Officer of his having actually kept a Horse, for Public Service, during the Period for which the Charge shall be made: the Pay Master will therefore insert in the Column allotted for the Pay of the Surgeon, only the former Rate of 9s. 5d. a Day, and he will Charge the Difference in a distinct Sum under the same Head of Service, taking Care to have it supported by the Certificate above-mentioned. It being, however, intended to place the Surgeon of Infantry on the same Footing with the Surgeon of Cavalry, who contributes no more than $8\frac{1}{2}d.$ a Day towards the Maintenance of his Horse, an Allowance will be made for the Horse kept by the Surgeon of Infantry, at the same Rate, and in the same Manner, as that granted for the Horse of the Adjutant;* deducting the above Proportion of $8\frac{1}{2}d.$ a Day; this Allowance being of course charged for the same Period as the Augmentation of his Pay.

* See Copy of a Circular Letter from the Secretary at War, to General Officers Commanding in Districts, dated 13th July, 1799, in a subsequent Part of this Work.

Should the Surgeon of your Regiment, by Length of Service, have acquired a Title to any of the farther Advantages mentioned in the 4th Article of His Majesty's Warrant, and prefer his Claim accordingly, you will be pleased to make a Report thereof to the principal Officers of the Army Medical Department; upon whose joint Recommendation the additional Pay, to be allowed in Consequence, will be issued through the Agent for Army Hospitals.*

The Report † must specify the Dates of the several Commissions or Appointments which the Surgeon has held, and the Situations and Corps in which he has served: and is to be authenticated by your Certificate of such of the Facts as come within your Knowledge.

I have the Honour to be,

SIR,

Your most obedient

Humble Servant,

(Signed) W. DUNDAS.

HORSE GUARDS, 31st January, 1799.

HIS MAJESTY having, on several Occasions, remarked a Want of Uniformity in the Dress of Staff Officers, His Royal Highness the Commander in Chief is pleased to direct that the following Regulations on this Head, which have been established by the KING's Order, shall be strictly complied with :

The Dress of the Adjutant General, the Quarter Master General, and Barrack Master General, is the same as the Frock Uniform of Lieutenant Generals, in Silver.

The Dress of the Deputy Adjutant General, the Deputy Quarter Master General, and Deputy Barrack Master General, is the same as the Frock Uniform of Major Generals, in Silver.

Any of the above Staff Officers, being General Officers, are permitted to wear, in Silver, the Button appropriated to Officers of that Rank, instead of the raised Staff Button, which is commonly in use.

The Adjutant and Quarter Master General of the Forces, the Barrack Master General in England, and their respective Deputies, as also the Aides de Camp of HIS MAJESTY, and of His Royal Highness the Commander in Chief, are distinguished exclusively, by wearing Two Epau-
 lettes.

All other Adjutants General, Quarter Masters General, and Barrack Masters General, with their Deputies, wear One Epaulette, on the Left Shoulder.

Aides de Camp to General Officers of Cavalry wear One Epaulette, on the Left Shoulder; those attached to General Officers of Infantry, One Epaulette, on the Right Shoulder.

The Uniform to be used in future, by Majors of Brigade, is to be in Silver; the same as the Uniform prescribed for Aides de Camp.

Majors of Brigade, attached to Brigades of

Cavalry, wear One Epaulette, on the Left Shoulder ; those attached to Brigades of Infantry, wear One Epaulette on the Right Shoulder. The Buttons used by Assistant Adjutants General, Assistant Quarter Masters General, Aides de Camp (with the Exception of His Majesty's) and Majors of Brigade, are plain. These Uniforms and Distinctions are, by His Majesty's Command, appropriated exclusively to the Officers above specified.

His Majesty is graciously pleased to permit Generals, and the Staff Officers above-mentioned, to appear in the Field in plain Uniforms ; but they are at all Times to wear the distinguishing Epaulette or Epaulettes, Buttons, and Facings, as above prescribed ; and their Dress is, in every other Particular, to be most pointedly exact and uniform.

By Order of His Royal Highness
the Commander in Chief.

Adjutant General of the Forces.

to the General Officers Commanding in Districts,
dated War Office, 13th July, 1799, granting an
Allowance to Adjutants for the Keep of a Horse.*

SIR,

THE Commander in Chief having referred to me two Memorials from the Adjutants of Militia Corps, relative to the Expense to which they are subjected for the Maintenance of the Horses, which they are under the Necessity of Keeping for Regimental Duty, in pursuance of His Majesty's Orders; and the Situation of the said Officers, and (equally) of the Adjutants of the Infantry of the Line, and Fencible Infantry, appearing to be well entitled to Relief; I have the Honour to acquaint you, that His Royal Highness concurs with me in the Propriety of granting to each Adjutant of Infantry of the Line, Militia, and Fencible Infantry, in Great Britain, an Allowance for the Maintenance of One Horse, when Forage is not issued in Kind, at the same Rate as is made in the like Case to the General and Staff Officers in Districts,* which at present is Two Shillings *per Diem*.

* See Page 81.

This Regulation is to commence from the 25th of last Month inclusive; after which Time the Adjutants are not to make any Charge for the Sums which they may pay the Innkeepers when their Horses are billeted.

The Allowance is to be charged Monthly, when paid in the Pay Lists of the respective Corps; and by His Royal Highness's express Desire, a Certificate is to be annexed thereto, from the Commanding Officer, declaring, upon Honour, that the Horse kept by the Adjutant is actually his Property, and necessarily kept for Regimental Duty, and that it has been so during the whole of the Period for which the Allowance shall have been charged.

GENERAL ORDERS.

In conducting the Business of
the Army, the Military Correspondence will pass
through the Commander in Chief's Military Sec-
retary, excepting such Parts as relate to particular
Departments, and which are directly referred.

HIS ROYAL HIGHNESS THE COMMANDER IN CHIEF having had Occasion to remark, that the Regulations, contained in the Circular Letter, addressed by the Adjutant General to the General Officers Commanding Districts, relative to the Correspondence with the several Public Military Offices, are in various Instances departed from, has been pleased to direct, that the following General Orders, founded on that Letter, shall be immediately circulated to the Army.

GENERAL ORDERS.

HORSE GUARDS, 1st August, 1804.

IN conducting the Business of the Army, the Military Correspondence will pass through the Commander in Chief's Military Secretary, excepting such Parts as relate to particular Departments, and which are hereafter specified.

ADJUTANT GENERAL.

All Correspondence, which has for its Object the Arming and Clothing of the Troops, the Discipline of the Army, Military Regulations, and Applications for Leaves of Absence, will pass through the Medium of the Adjutant General.

QUARTER MASTER GENERAL.

All Applications for Routes, Camp Equipage, and other Requisites for Cantoning and Encamping the Troops; also all Correspondence relating to Quarters, Marches, Camps, Plans and Disposition for Defence, likewise Embarking and general Conveyance of the Troops, to be addressed direct to the Quarter Master General, the Privilege of receiving Letters and Packets free of Postage having been extended to his Department.

“All Official Letters and Reports from General or other Officers in Command, which are designed to be laid before His Royal Highness the Commander in Chief, are to be signed by the General or Commanding Officers themselves.”

All Official Letters from Head Quarters (not circular) are to be acknowledged by the first Opportunity after the Receipt thereof, and Commanding Officers of Regiments are to specify on

the Back of their Monthly Returns what General Orders, Official Regulations, or Circular Letters, they may have received during the preceding Month.

GENERALS COMMANDING AND OFFICERS
COMMANDING REGIMENTS.

All Applications, on Points of Duty, shall, except in Cases of pressing and evident Necessity, be made through the General Officers in Command, those from Regimental Officers being, in the first Instance, submitted to the Commanding Officers of their Regiments.

SECRETARY AT WAR.

All Applications relative to Military Disbursements or to pecuniary Claims to Pay, Allowances, &c. and all Letters which have for their Object the Construction and Explanation of Acts of Parliament, regarding the Military Service, or which have Reference to the Civil Police of the Country, are, as formerly, to be addressed to the Right Honourable the Secretary at War.

By Order of His Royal Highness
THE COMMANDER IN CHIEF

HARRY CALVERT,

Adjutant General of the Forces.

Copy of a Circular Letter from the Secretary at War to Officers Commanding all Regiments of Dragoon Guards, Dragoons, Infantry, and Militia, pointing out the proper Mode of addressing Applications to that Department.

WAR OFFICE, 12th Sept. 1804.

SIR,

FROM the frequent Irregularities which take Place in the Mode of addressing Applications to this Office, and which, besides being the Cause of considerable Trouble to this Department, and to those who make the Applications, are also productive of Delay in the Conduct of the Public Service; I am induced to transmit the following Instructions on the above Head, for the Information and Guidance of yourself and the other Officers of the Regiment under your Command.

Officers belonging to Regiments stationed in Great Britain, Guernsey, and Jersey, (not being Commanding Officers,) are not, unless in extraordinary Cases of special and obvious Necessity, to address themselves directly to this Department,

but are to apply, in the first Instance, to the Commanding Officers of their respective Regiments, whose Experience and Information, on Military Subjects, will, it is presumed, in most Cases prevent the Necessity of further Reference. — Where the Application is of such a Kind as not to admit of a decisive Answer from the Commanding Officer, it is expected, that, in forwarding the same, either for the Consideration of the General Commanding in the District, or immediately to the War Office, as the Case may be, the Commanding Officer will furnish, at the same Time, every Information of a regimental or local Nature, which may assist in determining the Point in Question, and state the Opinion which he is himself inclined to form thereupon.

Every Application, whether brought before the Commanding Officer of a Regiment by any of the inferior Officers, as above-mentioned, or originating with himself, relating to any unusual Regimental Expenditure incurred or proposed, which from its Nature may be likely to have occurred, or to occur, in other Corps, is to be submitted by the Commanding Officer, in the first Instance, to the General Commanding in the District; who will, if necessary, forward the same to this Office, accompanying it with his Authentication of the Facts contained therein, and with his Opinion:

upon the Propriety of assenting to what is desired.

On other Points, including all pecuniary Claims that are merely of a personal Nature, or evidently affecting the particular Corps only in which the Claim occurs, the Commanding Officer's Application may be addressed immediately to this Department.

Officers in this Country belonging to Regiments on *Foreign Stations* (the Colonels excepted, in whose Discretion it will rest to correspond with this Office either directly or through their Agents) are to consider the Agents of their respective Regiments, as the Channel of Communication with the War Office. Whenever the Object of the Application can be answered, without a Reference to this Department, it will be the Duty of the Agents to apprise the Officers accordingly: In other Cases, the Agents are to forward the Application, transmitting therewith every Explanation and Document that may be necessary.

Officers on Service with Regiments on Foreign Stations are of course to apply, through the Commanding Officers, to the General Commanding in Chief on the Station.

The Instructions contained in this Letter are not to be considered as extending to Points connected with the particular Line of Duty of Pay-Masters, as marked out in the Instructions to Pay Masters. — They will, therefore, on such Points, continue to correspond directly with the Department of Accounts in the War Office.

All Applications made contrary to the above Instructions will be returned unanswered.

I have the Honour to be,

SIR,

Your most obedient

Humble Servant,

(Signed) W. DUNDAS.

ing Pay of a Clerk for the Assistants Ad-
jutant General.*

HORSE GUARDS, 15th Nov. 1803.

SIR,

I HAVE the Honour to inform you, that his Royal Highness the Commander in Chief is pleased to approve the Appointment of a Clerk to the Assistant Adjutant General in the District under your Orders, with the Allowance of Two Shillings and Sixpence per Day, being in full for Pay, Clothing, and all other Allowances. His Royal Highness Commands me at the same Time to state, that the Person appointed to this Situation must not be an Effective Soldier.

I have the Honour to be, &c. &c. &c.

(Signed) HARRY CALVERT,
Adjutant General.

It being, however, represented to the Adjutant General the great Difficulty of procuring any Person properly qualified, except a Soldier, the following *Circular Letter* was addressed to the *District Assistants*.

HORSE GUARDS, 20th Jan. 1804.

SIR,

I HAVE the Honour to acquaint you, that His Royal Highness the Commander in Chief will not object to your employing a Soldier as your Clerk, provided no other Person duly qualified to act in that Capacity can be found.

I have the Honour to be,

GENERAL OBSERVATIONS.

EXTRA Expenditures by Generals or other Officers, not before specified, such as Hire of Clerks, Rent of Offices, Rent of Guard or Orderly Rooms, Hire of Ground for exercising the Troops, erecting Huts, &c. &c. are only allowed in particular Cases, and must not be charged until the Secretary at War or Commander in Chief's Authority has been obtained for that Purpose, a Copy of which must always accompany the Account in which the Charge shall be made.

Allowances are sometimes granted to Staff Officers for Horses shot for the Glanders,* but it must be shewn by Certificates from the General Officer commanding, and a Veterinary Surgeon, that it was necessary to kill them, to prevent the Disease spreading to other Horses, the Property of Government. This Allowance can only be obtained by Application to the Secretary at War.

obliged to hire Furniture, they should represent the Circumstance to the Secretary at War, requesting his Permission for charging the regulated Allowance for House Rent, without producing the usual Certificate.

Care must be taken that all Receipts are on proper Stamps,* and that they specify the Particulars and Period for which Payment was made.

Disallowances are frequently made at the War Office, on settling the Contingent Accounts of Staff Officers, in Consequence of the Certificates and Receipts, required by the Regulations, not being sent in with the Accounts; Officers should therefore be particularly careful on this Head, as any Omission is productive of great Delay in Payment and much Trouble to all Parties. Whenever Sums are deducted for the Reasons just mentioned, the only Way to recover them will be to recharge them in a subsequent Account, annexing the proper Vouchers in support thereof.

Staff Officers cannot draw their own Pay and Allowances from Government, but must appoint an Agent, resident in London, by Power of Attorney, for that Purpose, for which the usual Charge is 6*d.* in the Pound on the Sums received. Forms of the Power of Attorney, necessary, are supplied by the Agent; but as the Pay of Officers, holding

All Powers of Attorney executed in Great Britain, after the 10th of October, 1804, require a Twenty Shilling Stamp; when executed Abroad, where Stamps are not used, it must be so stated

Officers on Half Pay are permitted to receive the same, together with the Pay and Allowances of Staff or Garrison Appointments, as will appear by the following Circular Letter, from the War Office, to Officers holding Appointments of that Description in 1802. Method of issuing the Pay, Allowances, and Contingences, for all Staff Officers, not attached to Volunteer Corps.

WARRANTS are made out at the War Office, in the following Form, for the issuing of all Staff Pay, Allowances, and Contingencies; those for the former are prepared regularly every Half Year, on Returns from the Adjutant General, specifying the respective Periods each Officer has served; and for the latter, whenever the Contingent Accounts have undergone the necessary Examination at the War Office.

*Form of a Warrant for Staff Contingences.**

GEORGE R.

OUR WILL AND PLEASURE IS,
that, out of such Moneys as are in, or shall
come to your Hands for the Contingent Uses
of our Land Forces, or out of such Moneys
as are in, or shall come to your Hands for

* Warrants for Pay are the same, except that the Words
“without deduction” are omitted.

this Use, you pay without Deduction unto
 Our trusty and well-beloved Major General
 _____ the Sum of
 _____ being for extra
 Expenses, House Rent, Forage, &c. incur-
 red by himself and other Officers under his
 Command, while serving on the Staff in Great
 Britain, from the _____ to the _____
 both Days inclusive, agreeably to the Ac-
 count of Particulars hereunto annexed;
 and for so doing, this, with the Acquittance
 of the said Major General _____
 or of his Assign, shall be your Warrant
 and Discharge.

Given at our Court, at Saint James's,
 this _____ Day of _____ 1803, in
 the Forty Third Year of Our Reign.

By His Majesty's Command,
 C. BRAGGE.

To

*Our Right Trusty and Well-beloved
 Councillors, Thomas Steele and
 John Hiley Addington, Joint
 Paymaster General of Our
 Guards, Garrisons, and Land
 Forces, or to the Paymaster
 General of our said Forces, for
 the Time being.*

After the Warrants are signed by His Majesty and the Secretary at War, as above, they are sent to the Treasury or delivered to the Agent for that Purpose, where they are left a Week or Ten Days, and then returned to the Agent, countersigned by Three Commissioners, in the following Manner:

“ We have been made acquainted with this Warrant.”

Treasury Chambers, Whitehall,
this Day of 180

From the Treasury they are taken to the Office of the Paymaster General, and left there for the Purpose of being entered in his Books, and an Order drawn out for the Amount; it however frequently happens, that the Treasury do not lodge Money with the Paymaster General to pay them for a considerable Time after the Warrants are deposited in his Office.

The following Deductions are made by Government from the Pay before it is issued to the Agent, viz.

Poundage, at 1s. in the Pound on the Full Pay,
Civil List, at 6d. Ditto Ditto,
For Chelsea Hospital, One Day's Pay per Ann. and
The Property Tax of 1s. in the Pound on the Pay,
from 6th April, 1803.

The same Deductions are also made from all Foreign Staff Pay, when issued in this Country: it is, consequently much more Advantageous for Officers to receive their Pay abroad, where no Deductions are made.

The Three first-mentioned Stoppages form Funds, in the Hands of Government, which are applied towards the Payment of Pensions and Allowances to the Widows and Orphans of commissioned Officers of the Land Forces who die on Full Pay, and for Chelsea Hospital. Poundage, at 1s. in the Pound and the Property Tax are likewise deducted from the Allowance of 200 Days Forage Money.

The Pay is issued Half a Year at a Time, viz.

From 25th December to 24th June, both Days inclusive; and from 25th June to 24th December, both Days inclusive. The first Six Months is generally paid when Twelve Months are due, so that the Staff are never less than Six Months in arrear for their Pay.

The 200 Days Forage Money, or Allowance for taking the Field, is usually issued about Six Months after the Termination of the Campaign for which it is granted, that is in March or April of the following Year.

The Issues of Contingencies for the Military Staff are very uncertain, and notwithstanding every Officer is required by the Regulations to give in his contingent Account Half-yearly, and to "*Certify it upon Honour that all Sums charged therein have been actually disbursed for the Services specified;*" they have hitherto seldom been repaid by Government in less than *Eighteen Months* afterwards, sometimes even not in that Period; and as the contingent Expenditures frequently amount to more than an Officer's Pay, Individuals are thereby put to very great Inconvenience, particularly those under the Rank of General Officers, who are the most numerous Class, and many of them have not the Means of advancing Two or Three Hundred Pounds for the Payment of their Half-yearly Bills previous to making out their Accounts, nor can they afford to borrow Money on Interest for that Purpose, the Allowances granted not being adequate to their actual and unavoidable Expenses; some Plan should therefore certainly be adopted for a more speedy Reimbursement. — On the present System, the Secretary at War appears to be the only Channel from whence Relief can be expected, as, until the Accounts have been settled and the Warrants transmitted from his Office to the Treasury, no Provision is made for the Payment of them.

If the Contingencies of the Staff could be consolidated and issued with the Pay at a daily or annual Rate, according to the respective Ranks, it would be much more Satisfactory to Individuals, and must ultimately be a considerable Saving to Government, independent of the Trouble and Time lost by all Parties in making out and settling such a multiplicity of Accounts. It would also relieve Officers from the unpleasant Situation of being obliged to pledge their Honour for the Correctness of every little Bill for Stationary, Postage of Letters, &c. which they must, in order to attend to Duties of much more Consequence to the Country, leave to the Management of Servants.

Until the Year 1801 every Staff Officer made out a separate Account of his own Claims, and the Amount allowed was included in a Warrant payable to the General Officer commanding the District in which he had been serving, and as it was usual to wait until the Accounts of the District were received complete, this occasioned much Delay in the Settlement; but, as every General Officer is now required to include the whole of his Suite in one Account, and the Warrant is made payable to him, there appears no Reason why Accounts stated and certified as directed by the Regulations, should not be settled immediately on being delivered into the proper Department.

The late Arrangement, respecting the Pay and Allowances of the Staff Officers attached to the Volunteer Forces, afford good Grounds for a confident Hope, that some Plan will shortly be adopted for the better Payment of the Regular Staff: but, at present, there appears an unaccountable Inconsistency between the two Systems.
